

Innomem Final Workshop

Discover the opportunities of the 1st European single-entry point for all your membrane related questions!

10 September 2024, 14:00 – 18:00
Prague Congress Centre – Chamber Hall, Prague (CZ)

www.innomem.eu

Free attendance for all Euromembrane 2024 participants

For more information: jon.zuniga@tecnalia.com; a.brunetti@itm.cnr.it;

Satellite Event of
EUROMEMBRANE 2024

Program

Time	Duration (min)	Title/Speaker	
14:00 - 14:15	15	Welcome and project introduction <i>Jon ZUNIGA</i>	TECNALIA
14:15 - 14:35	20	SUMMIT: Scaled-Up Manufacture of Membranes and Ionomers for the energy Transition <i>Mathias ULBRICHT</i>	UDE
14:35 - 14:55	20	BioMiMe: Biorefinery of Microalgae by Membrane technology for the production of bioactive ingredients <i>Lidietta GIORNO</i>	CNR - TIM
14:55 - 15:15	20	On-site hydrogen production by advanced membrane reactors <i>Jon MELÉNDEZ</i>	H ₂ Site
15:15 - 15:35	20	BPMED DAC: Bipolar Membrane Electrolysis for Direct Air Capture applications <i>Carla GLASSL</i>	UCANEO
15:35 - 16:00	20	Techno-economic evaluation of solvent dehydration: A hybrid process of distillation and pervaporation <i>Efecan PAKKANER</i>	VITO
16:00 - 16:30	30	Coffee break	
16:30 - 16:50	20	Towards a fair gas comparison for gas separation membrane: INNOMEM's standardization activities <i>Torsten BRINKMANN</i>	HEREON
16:50 - 17:30	40	Innomem – A single entry point for membrane related questions <i>Patrick DE WIT</i>	EMI-TWENTE
17:30 - 18:00		Conclusions and final remarks
